

CRITERIA TO SELECTION OF DELEGATES FOR SPONSORSHIP

For HCFI 90 Jubilee Conference & Celebration 2026

Types of Delegates:

- Target Group: Vitaly influential Caregivers, and
- People with potential for furthering the vision of HCF

List two categories of potential sponsored delegates

Category 1

Those delegates whom HCFI particularly wishes to invite, i.e. staff or leaders from countries where it is difficult to raise local sponsorship – or delegates from remote areas whose countries would benefit from representation.

The delegate who requires some form of sponsorship, a letter of recommendation from his/her Regional Promoter or National Action Team (NAT) or other HCF leaders in the particular country, is required to be submitted to the Sponsorship Team for any request of sponsorship to attend the said conference.

NB: Only those who are directly involved or potentially involved in the work and vision of HCF would be considered for financial assistance.

Category 2

Those who solicit help and who will contribute positively to the advancement of the Kingdom of God in the health field and whose attendance at the conference has been endorsed by the NAT, Regional Promoter/REGAT or other HCF leaders.

Here are some guidelines:

- o Is the Regional Promoter or National HCF in that country agreeable to their being invited?
- o Are they able to contribute positively towards the advancement of the Kingdom of God in the health field?
- o How are they engaged in promoting HCF in their country at present? Do they have potential for doing so in the future?

Types of Sponsorship

1. Partial sponsorship of conference fees
2. Partial sponsorship for travel financial aid (based on the lowest and best available options of airfare)

Sponsorship for Travel

Travel money would not be advanced to be sent to the sponsored delegate since security is at risk, and the selection of a cost-effective route could not be controlled.

All enquiries for sponsorship are strictly to be channeled through the Regional Promoters/REGAT or National HCF's, and not directly to the Sponsorship Team.
